### TORONTO

Home to a mosaic of cultures, Toronto boasts several annual multicultural festivals and choice spots for shopping and eating include Little Italy, Little India, Little Portugal, Chinatown and Greektown.

### Climate and Weather

The climate in Toronto is similar to many American cities, including New York and Chicago. In the summer (June-August), the average temperature is 20.7°C soothed by the cool breezes of Lake Ontario. In the winter months (December-February), temperatures may dip well below freezing with an average of 3.3°C, but an average snowfall of 53 inches makes for a winter wonderland.

Winter in Ontario is a season of special activities and unique beauty. The endless things to do and see are affordable and close at hand. Hit the slopes or go dog-sledding then warm up to a crackling log fire and a steaming hot cocoa at the end of the day. Have you ever been ice-climbing or snow-shoeing? How about sugaring off? In Ontario, you will enjoy winter festivals, carnivals, and parades, caroling, hockey and a whole lot more! You won't be staying indoors too much!
